47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Please support our local internet provider. They provide superior broadband service for a fair price. Well, the price could be less.... but the service is great. When I call, I always get a real person right away. There is no telephone tree which makes you want to pull your hair out. When there is a problem, they fix it. When my equipment craps out, I can drive to their office in 10 minutes and get a new box. They are a part of our community and have politics very similar to mine. And their telephone service is superb.

I strongly support my local broadband provider.
